

Entrepreneurship Development Programme – February 18, 2019

A 4 week Entrepreneurship Development Programme (EDP) for Science and Technology has started at The ICFAI University Sikkim campus. The programme has been sponsored by NSTEDB, Department of Science & Technology, Government of India and has been organized by Sikkim Consultancy Centre (SICON) Gangtok in association with The ICFAI University Sikkim for the students of IT Department. The opening of the programme was done by Mr. H. K. Mandal, Officer-in charge, SICON, Dr. R. K. Singh, Director, KVIC, Mr. Ramudamu Officer of SICON, Registrar Dr. Ravindra Chettri, Dean Dr. Sudha Jha under the team of **Mr. Ajit Karki, Program Convener**, Coordinator of IT School, ICFAI University, Sikkim. The program aims to motivate, train and guide the entrepreneurs who want to set up their own ventures in the state of Sikkim. The program in detail shall cover all aspects of successful establishment of self employment ventures including guidance for selection of product and site, machinery, marketing and arranging finance, etc. This program would be highly beneficial for the students.
