

KOHA! SOLUTIONS VISITS THE ICFAI UNIVERSITY, SIKKIM

On December 29, 2023, the ICFAI University welcomed Prof. Amrit Raj, a distinguished mental health educator, for a talk that proved to be a pivotal moment in promoting well-being within the academic community. Honored by the presence of Dr. Jaganath Patnaik, the Vice Chancellor, Prof. Amrit Raj focused on the transformative potential of technology in fostering social and emotional learning. His discourse highlighted the significance of early-stage intervention programs to empower students, emphasizing the role of technology in addressing their unique challenges. The event facilitated insightful discussions, reflecting the university's commitment to prioritizing mental health and enhancing student support through innovative approaches, as underscored by Prof. Amrit Raj's impactful insights. The event concluded with signing of Memorandum of Understanding between The ICFAI University, Sikkim and Kohai Solutions Private Limited with the objective to facilitate a collaborative project at The ICFAI

University, Sikkim, focusing on conducting orientation sessions for students. The primary objectives include identifying students impacted by mental health issues and disorders, offering counseling services to those affected, and organizing tailored mental health workshops for students, teachers, and parents for the entire tenure of the project through programs.
